RESPONSE

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

This is in response to the Office Action mailed June 26, 2006.

Applicants note that the Office Action does not reflect the addition of Claims 32-36 by the Preliminary Amendment dated November 7, 2003. Since Claims 32-36 depend from claims in Group I, it is presumed that Claims 32-36 are to be considered as part of Group I.

Assuming that the Examiner agrees to the foregoing, Applicants elect the invention of Group I (Claims 1-17 and 21-36) for examination. Should the Examiner not agree with this grouping of the claims, clarification is respectfully
